

## Meet you again

- ▶ **ACHEMA**  
22.-26.08.2022, Frankfurt, Germany  
Halle 4.0, Booth H25
- ▶ **GASTECH**  
05.-08.09.2022, Milan, Italy  
Hall 15, Booth 15D19
- ▶ **OGA**  
13.-15.09.2022, Kuala Lumpur, Malaysia  
Hall 4, Booth 4512
- ▶ **KIOGE**  
28.-30.09.2022, Almaty, Kazakhstan  
Hall 10, Booth H04
- ▶ **CHILLVENTA**  
11.-13.10.2022, Nürnberg, Germany  
Hall 9, Booth 9-137
- ▶ **ADIPEC**  
31.10.-03.11.2022, Abu Dhabi, UAE  
Hall 8, Booth 8816

## The transformation of process heat

## Electric process heating The future is electric

- Carbon free
- Sustainable
- Renewable
- Economical

- Zero emission
- Potential use of regenerative energy
- Smart control options
- Long lifetime
- Low maintenance

## Electric process heating We know how to transform

- Your benefit – our experience
- Reliability & safety
- Energy efficiency
- Customized solutions

- Hydrogen heaters and vaporizers
- Power to Heat
- Energy storage solutions

## Electric process heating For your business

Mechanical  
and plant  
engineering

Petrochemical  
industry

Chemical  
industry

Power plants

- Immersion heaters
- Start-up heaters
- Boilers
- Room heaters
- Heat tracing
- Surface heating
- Process heaters
- Gas heaters
- Air heaters
- Steam generators
- Super heaters
- Control panels
